

POND PERMIT APPLICATION

<i>Office Use Only</i>
No. _____
<input type="checkbox"/> Village <input type="checkbox"/> Town

The construction of ponds is regulated in order to protect natural resources and public health and safety. Before constructing a pond, this application must be completed and returned to the Code Enforcement Office. All applications will be reviewed to determine if the location, dimensions, construction and proposed use of the pond will comply with environmental, health, and safety regulations and not adversely affect drainage patterns. Additional approvals from other regulatory agencies may be required.
